

MALA Private Tour of the Fremantle Prison

*Saturday 18th May
at 10.30am.*

The history of Fremantle Prison dates back to the early beginnings of Western Australia and its role in the development of this State is unparalleled. It is the largest convict-built structure in Western Australia and the most intact convict establishment in the nation.

In 2010, Fremantle Prison became the first building in Western Australia to be included on the World Heritage list. Its inscription on the World Heritage list was part of a serial nomination with ten other Australian Convict Sites.

The site is also recognised on the National Heritage List and State Register of Heritage Places. It is classified by the National Trust and is part of the City of Fremantle's West End Conservation Area.
